the book "Death in the Clouds". Read 2337 reviews from the world's largest community of readers. A woman is killed by a poisoned dart in an enclosed space. There is one witness in the case, but there is no answer to the question of what happened after all. I have no doubt that one of the passengers is in cahoots with the killer, but what is behind all this? - Do you have any thoughts on this? I asked. "Of course there are," Mark said, "but I don't want to say them. - Why? - I did not understand. "You know you can trust me," I insisted. "I have a hunch that I know the killer," Mark said. "But I won't tell you about it."
