A final note from Genesic Games.

Making RPGs has always been Genesic's favorite hobby and is also what drives us constantly to create more and new titles. They bring a smile to our daily lives! Toward the end of 2016, we started having discussions about future titles. Although Genesic Games' mission is very limited, as we do not intend to release every game idea. PADGI TEKKEN 10's popularity inspired us to start down a new path: "fantasy action RPG" The development team specializes in making games similar to Tekken, but actually play as a free 2D action game. The Trails of Tarnished is the first title to the new Tarnished fantasy series. We sincerely hope that people will be able to experience the excitements of exciting RPG elements. We hope you will enjoy your journey in the world of the Trails of Tarnished! Until then, we await all of your feedback. More information will be revealed over time. Thank you.

Another hero, and another new fandom, with some new design work. Ahhh but WONDERFUL gaming on the vgpgadget side. A bit of a filler this time round but has some very nice things about it, for the most part. Like most of them, the techy bits are a bit questionable and the menus could stand a rehaul. But that's not my issue. Let me explain. With this batch, you have all the

"In a world where survival is about the biggest issues, these are the characters of the characters, the entire people, that stand on their feet and roar. It's a world filled with unknown threats and dazzling challenges; being strong, never giving up, and looking to rise in this world." Jhoira Sharke, the Streetsinger "Unlike other RPGs, the story never falls into a steady-paced linearity, yet you can see every step in the story, and it's very easy to understand. The whole story, however, revolves around a large number of characters, and it was enjoyable to learn about those characters, their worldview, and the world they live in." "This game is very well-done and I'm looking forward to the continuation. I was happy to hear the voice actresses were hired from the one-time "Cycling Road" anime, the characters share the same charisma and backstory as the anime version and the high quality of the voice acting all comes together to make something well-done. The graphics are also really well done! Since I don't remember all the equipment types in the previous games (I've been using a simple weapon and armor set since then) I was surprised to discover weapons I had never seen in the previous games, and learning about these made me really happy. The soundtrack is also great, it feels really good to listen to this game!" SoftgokuDokoro, 2nd SPADES Cutie Official Idol 'FAN' "Let's put it this way: This game is rather amazing and outstanding. It's a masterpiece. The story is wonderful. The characters are charming. And the art is beautiful." LuganLeeR, Official Illustration Collection 'Yogokuma Furukami' "I feel like I've been given a gift, and I want to praise the persons who have worked hard to make this game. I feel like it's great to get to connect with people over the internet, and I'm looking forward to the next Elden Ring! " Cenetee, Official Blogger 'Ludus' "This game is all inclusive and it's well done. The characters are well-drawn, the story is amazing, and the music is well-done bff6bb2d33

We have created the first Fantasy Action RPG based on the Elden Ring mythos, aiming to take players into a fantasy world full of immense beauty and adventure. To create this high-quality experience, we have chosen the platform that allows us to achieve our vision, without compromising the content. By combining the elements of a single-player, online RPG, and a shared adventure with friends, we have created a game that was tailor-made to relish the most important part of our vision—the dynamics of the reality of interaction. For example, in a simple aspect, players have the freedom to be offline and online at the same time, and enjoy the game without being restricted to an online environment. We have also made sure to give players as much freedom as possible by not constraining their play through a required target. Our players can focus on the challenges they want to conquer without feeling that it is impossible without performance targets or practices, unlike other similar games. Like a massive battlefield, the Lands Between that you will enter have many paths to choose from. All you have to do is decide on what kind of path you want to use. Such a wide range of options means that you can create many different play styles. If you want to enjoy a deep story, you can enjoy a narrative that has twists, and if you want to enjoy a tale of action, you can enjoy a battle that will leave you breathless. What's more, you have a huge number of different spells and abilities at your disposal. Even if you are starting off as a new character, you can get in the swing of it with ease. We have tried to create the best set of features and polished the graphics with the utmost care to faithfully reproduce our vision. Do you think you can take on the world with your friend? If you are ready to take on the world and overcome the overwhelming challenges together, we are awaiting your cooperation! * For cases where no account information was provided, we used the information we had for your registration.
