(ICSTV) - A Madiera man allegedly used a hammer to hit his wife and brother-in-law after a six day search that left the Madiera County Sheriff's Office frustrated. Around 3:15 a.m. on Friday, Madiera Detectives were looking for James Butler, 51, in connection to his wife's death. They were quickly on Butler's trail when they learned he had gone to his brother-in-law's home in Madiera and killed him. "He was extremely lucky. It looked like the person on the ground was asleep and didn't have a chance. The officer had a chance, made 3000 to knock this guy out," said Madiera County Sheriff Mike Quinney. Officers said Butler then went to the home of his sister-in-law in Madiera, but she had moved. He later had detectives where he had stayed, in an area where a person could see an outside wall from a vehicle. "I had no idea he was that close to me," said Butler's sister-in-law. The Madiera County Sheriff's Office and California Department of Corrections launched a manhunt search for Butler over the weekend. "Criminals who can get away with murder aren't going to be caught," Quinney said. "They're going to have to get away again." 1/1
