▼RPGFan review▼ “The keys are how much you like the game, how much you like the idea behind the game, and how unique and enjoyable the experience feels. ... If you thought about it, the base framework of a new fantasy RPG is pretty boring. Coming up with interesting characters, exciting dungeons and dungeons, interesting items, combat that's varied and exciting, and of course, an enjoyable story is where most new RPGs stumble. And then comes Elden Ring.” “I love the game to death, and there are more than a few parts of this game that are absolutely delightful. Every aspect of this game feels amazing, and the background artwork, music, and dialogue add so much to the overall experience. ... The world itself is absolutely worth exploring, filled with huge vistas of well-designed design. However, the actual content outside of the world makes this feel like an extremely fleshed-out version of a generic fantasy RPG.” “Elden Ring has some of the best visuals out there, in terms of both graphics and its eye-candy factor, and it plays at a faster pace than most RPGs, all of which means it feels a lot more special. ... The world is quite large, and you can easily lose yourself in its vastness. ... The combat is refreshingly straightforward and should feel very familiar to anyone who's played a fantasy RPG in the last couple of decades. ... The inclusion of a story-driven single player campaign, as well as multiple ways to play with friends via online play and/or local co-op, make this experience an extra special one.” What's New: • Adjusted features for an enhanced user experience. • Better compatibility between different platforms and/or devices. • Improvements to the status display. • Other issues were addressed. • A Vast World Full of Excitement A vast world where open fields with a variety of situations and huge dungeons with complex and three-dimensional designs are seamlessly connected. As you explore, the joy of discovering unknown and overwhelming threats await you, leading to a high sense of accomplishment. Gameplay ELDEN RING game: • Create your Own Character In addition to customizing the appearance of your character, you can freely combine the weapons, armor, and magic that you equip. You can develop your character according to your play style, such as increasing your muscle strength to become a strong warrior, or mastering magic. Gameplay ELDEN RING game: • An Epic Drama Born from a Myth A multilayered story told in fragments. An epic drama in which the various thoughts of the characters intersect in the Lands Between. Gameplay ELDEN RING game: • Unique Online Play that Loosely Connects You to Others In addition to multiplayer, where you can directly connect with other players and travel together, the game supports a unique asynchronous online element that allows you to feel the presence of others. PLAYER BESTS CLASSES ELDEN RING game: • ELDEN RING Knights Knights are the basic combat unit of the Elden Ring, equipped with helmets, shields, and swords. Their quick attacks and strong armor suits them for open-field combat. • ELDEN RING Mages Mages are the basic combat unit of the Elden Ring, attuned to magic. Their spells are a traditional form of attack, and the Ranger class, which has passive effects, is recommended for increasing spell damage. • ELDEN RING Archer Archers are long-range combat units with advanced weapon skills and excellent body control, and the most agile of all classes. Thanks to their mobility, however, they sometimes get caught off-guard. • ELDEN RING Rogue Rogues are the ultimate sneak attacks. Their ability to perform ambushes, as well as their rapid movement and high skill, makes them an unpredictable opponent. • ELDEN RING Ranger Rangers are the basic combat unit of the Elden Ring, with high stamina and average strength. Their mastery of evasion and movement may make them useful for exploration, and the buff effects of passive classes

Without native support for an immersion-level camera, the game might as well be played in a bright tent right beside the field of play. Not so for IdrAids. The game takes place in a large, detailed world, which is mostly explored on horseback, or by foot. Even at times, when players are on foot, they'll often find themselves in a supported position, in a low fighting stance, from which they'll be able to "see" the landscape. Being able to see what is around you - a mountain and your enemies! - should be important in every game.
