Key Features: © MYTHRILSPEARS & WILD SPECIAL MYTHRILSPEARS are a new type of weapon that lets you strengthen your weapon attacks in wild ways and can even be wielded by the weakest class in the game. With the Wild Special ability, you can wield formidable weapons that were created by the gods themselves. Wild Special: Using the Wild Special ability, you can use a wide variety of weapons in addition to Mythril spears. Each weapon has its own specifications, but there are two key points you should be aware of: one is their durability and the other is the strength of their attack. As they increase, each weapon can be wielded by a stronger character, but will take longer to charge and yield less damage. As a result, you can also increase their durability. You can even use the Wild Special ability to wield swords that are usually used by the strongest character. However, because they are not as strong as Mythril spears, you will find a reduced amount of damage compared to a Mythril spear. © 8+ BREACHES: KILIARDS, HANDGUNS, SWORDS & MORE! In addition to Mythril spears, you can wield a wide variety of weapons in the game, including kiliards, shotguns, short swords, longswords, and more. © OVER 20 WEAPONS With these powerful weapons, you can play as a customized character based on your favorite specs. © WEAPON BALANCE Based on your character, weapons are designed and balanced around three stats. Tolerance: This represents the ability to withstand attacks. Using this ability on a weapon lets you deal with the attacks of enemies easily. Durability: This represents the durability of the weapon. The higher your durability, the less likely it will break. Power: This represents the attack power of the weapon. The higher your attack power, the greater the damage the weapon deals. © GAME CHANGER: THE NEW BOSS KNIGHTS In the game, enemies take on the form of single-class "Boss Knights." You can fight these Boss Knights in a variety of ways and achieve high levels, so be sure to challenge them! © DIFFERENT POINTS OF VIEW Take your battle to the next level with an increasing number of ways to view the game world. © GAME WORLD MAP Map Points are activated by finding items
