From the co-founder of Food Not Bombs, an action-oriented guide to anarchism, social change and vegan cooking. The Anarchist Cookbook - William Powell.pdf. The author, himself a former rebel and anarchist, gives practical advice on how to succeed in a world where anarchy seems to rule everyone and everything. "I don't agree that anarchy is the only possible solution in our world, but I don't agree with the statement that anarchy is impossible. We ordinary people don't understand it fundamentally. If you look at what we do , and how we do it, you will see that we work according to the principle: "I myself, and only I, choose what to do."
